Support Inquiries

In order to address customer support inquiries in a timely and effective manner; JAVAD GNSS has created a powerful online question utility. To take advantage of this utility, please log into your JAVAD GNSS account and select **QUESTIONS** from the drop down menu.

The questions utility may also be reached by following this link,

<http://www.javad.com/cgi-bin/jgnss/cgi?Action=DrawQuestionManager&initFormCurrentSavez=on>

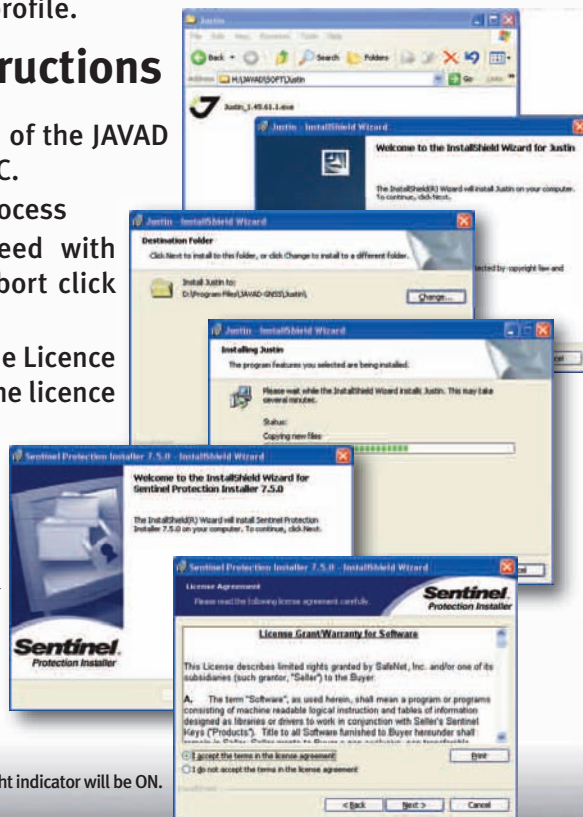

When the JAVAD GNSS support team posts a response to your inquiry, an email containing this response is sent to the email address you have registered in your profile.

Installation Instructions

1. Download the executable file from the downloads page of the JAVAD GNSS website. Run the executable Justin.exe file on your PC.
2. Double click to executable file to start the installation process
3. Follow the wizard's on-screen instructions to proceed with installation. To continue the installation click Next, to abort click Cancel.
4. Install the Sentinell Protection Installer. Carefully read the Licence Agreement, than select I accept radio button if you accept the licence terms or I do not accept, to quit.
5. Click Next to continue the installation.
6. Justin Software icon appears on the PC's screen.

When you launch Justin Software always keep plugged* into your PC the Justin Sentinel SafeNet USB Hardware Key (p/n 30-040403-01)

* If the light indicator of the Justin Sentinel SafeNet USB Hardware key is OFF, re-plug the key. The light indicator will be ON.
